CASH MAN IN TROUBLE.

We regret to learn that Mr. H. who lives on the other side of Hampton took all his time and attention to refer to him, and is just a little offended.

By way of apology will say to Mr. H. that he got one cent on the pound more for his wool than I offered him, and when he turned drummer for the merchant, he sold it to who, by the way, is a good merchant and nice gentleman, one whom I esteem very highly for his energy and tact. I am not the least bit sorry for my drumming as I know you thought you were benefiting your neighbors.

Indeed the Cash man is not offended at any one for doing as they have a perfect right to do, in going where they think they can do the best, but he does think you ought not to be offended when he tries to confer a mutual benefit on you and himself, by showing how much better you would have done by patronizing the Cash Store.
